

Selected Contributions And Achievements:

- Selected to deliver undergraduate course modules within the School of Business Management and Centre for Human Resources in the area of HRM and Performance Management, using online and blended learning, alongside classroom facilitation and presentation to deliver instruction to over 45 students in every session.
- Guided a PhD student for the completion of her PhD Thesis, while helping her structure her report, including planning on the quality of her qualitative and quantitative survey questionnaires, the methodology to be adopted, the data analysis approach, the sample size and the approach to the writing of her PhD thesis, leading to a full fledge consulting of her PhD work on chapter 2, 3 and 4.
